

Read the following three pages:

- https://arbital.com/p/bayes_frequency_diagram/?l=55z&pathId=91876
- https://arbital.com/p/bayes_waterfall_diagram/?l=1x1
- https://arbital.com/p/bayes_rule_odds/?l=1x8

You only need to read the pages themselves (you don't need to click the "continue" button at the bottom).

Make sure that you can answer the questions provided within the pages (the quiz on Friday will be similar to those questions).
